

LE MANS CLASSIC DAILY ON MOTORS TV

If you can't come to Le Mans Classic, Le Mans Classic will come to you! From 9 to 11 July, it will be possible to follow the highlights of the event day by day on the channel of motor sports enthusiasts. Interviews of personalities, drivers, collectors and a summary of the day will allow all classic car amateurs to share an exceptional week-end.

The race day by day

Friday, the Motors TV subscribers will discover or re-discover the Le Mans Classic event with a detailed presentation. During 52 minutes, the channel will present the six competing grids and 1000 drivers taking the start. The occasion to make the acquaintance of the Gentlemen Drivers and legendary cars come from all over the world to participate in this fifth edition.

Saturday, the viewers will be able follow a 1h30 summary of the qualifying sessions and the first races. This second programme will also show the club parades of the many classic cars present for this international race. There will be some 7500 of them this year at the Le Mans Classic. The budding drivers will also be on the screen with Little Big Mans. For its second edition, this grid will gather no less than 80 children on the Bugatti behind the wheels of mini replicas of cars having taken the start of the 24 Hours of Le Mans.

From Sunday to Monday, Motors TV will daily offer a 1h30 subject retracing the 6 Le Mans Classic grids.

This year, Le Mans Classic is available to all. In France or in Europe, everyone will be able to follow this unique event only held every two years.
